**16. Registration of contractors.**—(1) The Board must, within the first three years of its establishment, establish a national register of contractors, which categorises contractors in a manner

that facilitates public sector procurement and promotes contractor development.

(2) The register of contractors must—

(3) The Minister must prescribe the manner in which public sector construction contracts may be invited, awarded and managed within the framework of the register and within the framework of the policy on procurement.

(4) From a date determined by the Minister, by notice in the *Gazette*, every organ of state must, subject to the policy on procurement, apply the register of contractors to its procurement process.

(2) Any contractor who carries out or attempts to carry out any construction works or portion thereof under a public sector contract and who is not a registered contractor of the Board in terms of this Act, is guilty of an offence and liable, on conviction, to a fine not exceeding ten per cent of the value of the contract so carried out.

(3) A contractor referred to in subsection (2) must, upon receipt of a written notice by the Board served on him or her in the prescribed manner, cease to continue any public sector construction work.

(2) A registered contractor must apply for renewal of registration three months before the existing registration expires or on the sale or transfer of the contractor's business and must pay the prescribed renewal fee.

(3) The Board is under no obligation to approve an application for renewal by reason of the fact that the contractor is at that stage registered with the Board in terms of this Act.
