After months of waiting for bus services, community of Eshowe as well as Clermont and the surroundings will be relieved to learn that the KZN and Metro Bus services will come to their rescue after they have been appointed to provide service in these areas.

The department assures the people from these areas that they can expect smooth transportation before the end of this week. Though the operations were expected to resume today (19/07/2010) but due to delays in procurement processes, they will now commence later this week.

The Department only received the final appointing letter today (19/07/2010) from Treasury, that there are no appeals or objections authenticating that the department can go ahead with the award. The bus operation will only begin when all the contracts and procurement process are finalized.
