## **PUBLIC NOTICE**

# **Road Closure to affect the R102 South Coast Road in Isipingo**

Remedial construction works are planned from 9 to 31 May 2011 between the T-junction of Sabjee Road / R102 South Coast Road and the junction with the R102 South Coast Rd / Prospecton Road. A total road closure will be affected for north-and southbound traffic between these junctions, for this period, whilst essential remedial construction work is undertaken.

The R102 South Coast Road in Isipingo is a main route between Durban City to the North and Prospecton Industrial area to the South. It is a main link for industrial traffic. Southbound traffic on the R102 will be diverted from the T-junction with Sabjee Road into Sabjee Road and onto the Old South Coast Road. Traffic travelling Northbound on Wilcox Road towards the R102 will be diverted either left or right into the R102 Prospecton Road, in order to take an alternative route.

We urge all road users to drive carefully and to take note of the construction signage, obey the flagmen signals and follow the detour signs during the construction period.

Every effort will be made to complete the work within the stated timeframe and to ensure that the construction causes the minimum disruption to traffic.
