KZN DOT VOWS TO REDUCE ROAD ACCIDENTS BY INCREASING THEIR RESOURCES

The KZN Department of Transport has vowed to reduce road accidents by increasing the number of its work vehicles.

Today (18 January 2012) the Head of Department, Mr Chris Hlabisa is expected to officially hand over an additional 30 vehicles to the Departments regional commanders.

These vehicles are an effort by the department to intensify the fight against road carnage and transgressions in KZN. This will also allow maximum results in our Operation Val'ingozi Campaign that was launched last year.
