**MEC MCHUNU SETS IN PLACE A VEHICLE TO INTENSIFY THE FIGHT
AGAINST CRIME IN KZN**

KWAZULU-Natal Community Safety and Liaison Department, under the leadership of MEC Willies Mchunu, is on the verge of launching yet another historic structure that will strengthen the battle against crime by coordinating all efforts in the province.

KwaZulu-Natal Cabinet has approved the establishment of KwaZulu -Natal Council Against Crime (KZNCAC).

This a permanent platform at provincial level, which will be used as a structured engagement vehicle between the Provincial Government, Civil Society and the national structures in pursuance of mandates of the department to improve the scope and effectiveness of fighting crime.

KZNCAC will provide a strategic advice and guidance on assisting in the development and implementation of the safety and crime prevention strategies for the Province of KwaZulu-Natal.

It will monitor and review progress of safety while on the other hand identifying, investigate and reporting on safety and crime prevention challenges and opportunities.

As the process towards the launching of KZNCAC, MEC Mchunu will brief all major sectors in the crime fighting and also oversee the nomination of the eminent men and women to serve on this structure.

During this process, MEC Mchunu will outline the full details on the objectives of the KZN CAC and how it would be put together.

The Department of Community Safety and Liaison in its endeavour to build a United Front against Crime, KZN Council against Crime has been identified to remedy this systemic defect. It is a structured engagement vehicle between the provincial, civil society and the national structures in pursuing mandates of the department and improving the effectiveness of its programme.
