Weather warning about a possibility of another snow | Reflection of successes over 100 Days in Office

Media Invite and Statement by the MEC for Transport and Human Settlements,
Siboniso Duma

25 September 2024

UMsinga Local Municipality: This morning we are in deep rural areas with the Public Protector, Advocate Kholeka Gcalela.

We have been in touch with the South African Weather Services in Pretoria following reports of possible snow this weekend.

As an authoritative voice on weather and climate forecasting, we appreciate their guidance and support as we sustain our efforts aimed at ensuring road safety.

While we wait for a final report on the weekend's weather, tomorrow, we will address members of the media and reflect on our state of readiness.

Following the heavy snowfalls over the weekend, we made an undertaking to respond with a sense of urgency to any warning for possible extreme weather patterns such as heavy snowfalls and flooding.

Accordingly, we invite members of the media to a briefing scheduled as follows:-

Date: 26 September 2024
Venue: Greyville Race Course Conference Centre
Time: Between 09h00 and 12h00

Importantly, we wish to indicate that this media briefing coincides with activities marking 100 days in office.

The activities include the launch of the Skills Revolution Campaign, unveiling of our Programme of Action focusing on the maritime sector as part of the World Maritime Day and the Presentation of 100 Days in Office Report.

Ends

Issued by the MEC for Transport and Human Settlements
