

**Wreath-Laying Ceremony on the N2: Duma commits towards road safety ambassadors in churches and centers of worship as we approach the festive season**

Media and Public Statement by the MEC for Transport and Human Settlements, Siboniso Duma

17 October 2024

Bridge 17 to 19, N2 Mandeni: Over the past 2 hours, senior religious leaders presided over the Wreath-Laying Ceremony in memory of the nine victims of two separate accidents in this area.

Families of the victims, neighbors, and leadership from Ilembe and Mandeni municipalities are in attendance.

We thank religious leaders of faith and all congregations for supporting families during this difficult period.

We appreciate their enduring support because they shoulder the burden of burying victims of road accidents throughout the year.

Importantly, we commit to integrating all religious leaders into all road safety campaigns as we approach the festive season.

We want each and every church, synagogue, mosque, and all centers of worship to have road safety ambassadors.
