16 January 2005

TRANSPORT CIRCULAR NO. 1 OF 2005

Vehicle order tracking by GMSA for subsidized orders via the Internet

TO ALL HEADS OF DEPARTMENTS, ACCOUNTING OFFICERS AND TRANSPORT OFFICERS.

General Motors South Africa has set up a tracking system on the their website. This will enable Wesbank and the subsidized buyer, the opportunity to track the progress of a vehicle order on a daily basis.

This facility will rule out the necessity for weekly Status Reports and unnecessary telephone calls. The government official will be in a position to see "on line" how his vehicle moves through the various stages of production.

To track a specific vehicle you will need to:

- Have access to the Internet
- The Wesbank order number of the official
- Type in the link <http://www.gmsa.com/BuyerEnquiry.aspx>
- The link will take you directly to the web based enquiry screen.
- Type in the Government Order number (caps lock on)
- Click on the 'Search' button.
- The order details and order status will then be displayed in an easy to understand format that can be printed or emailed if required.

GMSA, believes that this system will add value to the government officials and Wesbank and will minimize the need for any other form of communication until the vehicle is delivered.

Kindly ensure that this circular minute is **urgently** distributed to all subsidised vehicle applicants within your department/administration.

Andries Schoeman
Assistant Director
Government Motor Transport
