PART C2: PRICING DATA

C2.2: BILL OF QUANTITIES

Refer to schedule A: Roadworks

PART C3: SCOPE OF WORKS

C3 SCOPE OF WORKS

- This section covers matters that relate to the project as a whole. Matters covered by the general and/or Particulars Conditions of Contract are not repeated in this section, except to provide more detailed information.

C3.1 STANDARD SPECIFICATIONS

The standard specifications on which this contract is based are the ‘**Standard Specifications for Road and Bridge Works for South African Road Authorities (COTO), Draft Standard (DS), October 2020**

C3.2 PROJECT SPECIFICATIONS

PART A: GENERAL

1.1 Employers objective

1. DESCRIPTION OF WORKS

The objective of the project is to re-gravel of P494 from km 2+00 to 8+00 km. There is no gravel left on the current surface and is slippery when it rains the road requires new gravel surface layer to be placed.

1.2 Location of the work

The road is located within the uMhlathuze Local Municipality, off the Main Road P425

D550 CO-ORDINATES: Lat: 28°44'29.00° S

Lon: 31°53'29.344 E

1.3 Overview of the works

The Works to be carried out include the following main activities:

- Establishment on site,
- Provision of traffic accommodation facilities,
- Roadbed preparation,
- Excavation of drains
- Pavement layers of 300 mm gravel compacted 95 % mod AASHTO,
- Pitching, Stonework and Protection against Erosion,
- Installation of Road Signs,
- Finishing Road reserve

1.4 Extent of the works

A brief detail of the works for which this specification is applicable is as follows:

Roadworks

(a) The design pavement structure is summarized in the following table

Layer	Thickness (mm)	TRH 14 Code	Description	Compaction (%)
Gravel Wearing Course	150	-	Gravel Selected from road prism	95% Mod AASTO

			or local borrow pit	
--	--	--	------------------------	--

(b) Material sources and quantities

Description	Source	Approximately Quantity
Gravel Wearing Course 150mm	Gravel selected from road prism or local borrow pit	5546.7m ²

1.5.1 Access to the Site

Access to the site can be obtained from P425 in the uMhlathuze Local Municipality (KZ282). Through the duration of the contract, roads shall be shared with other contractors engaged by the KwaZulu Natal Department of Transport on the identified projects whose construction activities may affect access from time to time. The contractor shall therefore require to liaise on an ongoing basis with these other contractors with respect to access related matters throughout the duration of the contract.

1.5.6 Material sources, spoil and stockpile areas

The G7 material for the gravel wearing course shall be obtained from the borrow pit nearest to the road, located approximately 12.20 km from access to site.

1.5.7 Testing of material

The Contractor shall carry out at his own cost the required process control testing as specified in terms of the Standard Specifications for Road and Bridge Works for South African Road Authorities (COTO), Draft Standard (DS), October 2020.

1.10 Contractors campsite (Project Specification)

The Contractor shall make his own arrangements for the provision of his campsite and housing for construction personnel but the chosen site shall be subject to the approval of the Employer's Agent, the local authorities and, where applicable, the Project Liaison Committee (PLC) associated with the project.

The standard of the Contractor's camp, offices, accommodation, ablution, and other facilities must comply with the requirements of all local authority, environmental and industrial regulations concerned. In establishing and maintaining his campsite, due cognisance is to be taken of the requirements of clause A1.3.3 of the Standard Specifications for Road and Bridge Works for South African Road Authorities (COTO), Draft Standard (DS), October 2020.

1.12 Construction Programme

The Contractor shall submit a detailed time programme in accordance with clause 5.6.2 of the General Conditions of Contract 2015, clause A1.2.7 of the Standard Specifications for Road and Bridge Works for South African Road Authorities (COTO), Draft Standard (DS), October 2020.

5.7 Daily Records

A site diary is to be compiled jointly by the Construction Manager and the Employer's Agent's Representatives on site and is to be agreed and signed by both parties. The original signed copy is to be retained by the Employer's Agent's Representative.

The Contractor is to keep daily records of people and equipment on site in a format to be agreed by the Employer's Agent's Representative and is to provide copies to the Employer's Agent's Representative when requested.

5.8 Payment Certificate

Details of measurements, proof of payment for items contained in provisional sums and prime cost sums, proof of ownership of Plant and materials on site and documentation pertaining to contract price adjustment and special materials, are required as substantiation of claims for payment.

5.11 Submission of reports

The contractor shall submit monthly reports in accordance with the specifications in Part E: Expanded Public Works Programme and Part F: Small Contractor Development.

C4: SITE INFORMATION

The road is located within the uMhlathuze Local Municipality, off the Main Road P425
