RE: Implementation of the Digital Strategy on Public Transport Regulation (Legiti-mate System) for a period of 24 Months

The KZN Department of Transport would like to engage the public for commentary on whether or not Neo Solutions (Pty) Limited is the sole service provider available to provide services for the Legiti-mate System.

The department would like to enquire if there are any other license holders for this System that can provide the required service to the KZN Department of Transport.

.....
Ms. MB Gumede

Acting Director: Supply Chain Management
